Bar Tab on Consumption – Open up a bar tab and create your own beverage menu that can be offered to guests. The tab will remain open until a money or time limit is reached - this can be changed as the day or night goes on. Wrist bands will be supplied to ensure only your guests consume drinks on your tab. A credit card is required to be taken at the bar to enable the use of a bar tab.

Drink Tokens – Organise a set number of drinks per person and we can provide raffle tickets (or something unique depending on the occasion!) that can be handed over the bar to claim a drink and added to a tab. We can limit what drinks can be claimed with the token and like above, a card will be required to be left at the bar whilst the tab is open.

Cash Bar – All guests pay for their own drinks throughout the duration of the function. No restrictions on alcohol selections.
